RULE TITLE: Notice of Proposed Rule

NOTICE FILED DATE: 07/14/2025

RULE SUMMARY: ORS 183.341 requires all state agencies to adopt rules of procedure to provide a reasonable opportunity for interested persons to be notified of the agency's intention to adopt, amend, or repeal a rule. To align with current practice and account for advances in technology, the rule amendments remove specific delivery methods and requirements to provide notice to specific media outlets. For more than 15 years, the Oregon Medical Board has emailed rulemaking notices to persons on the OMB's interested parties list. Currently, there are over 1,100 emails on this list. There are links on the OMB's webpage to allow anyone to sign up. OMB has been mailing the Capitol Press room in the State Capitol rulemaking notices. With construction and other changes, this room no longer exists, and mail was returned. To ensure the media still receive rulemaking notices, OMB staff added the Oregon Capitol press corps members to OMB's interested party list, which includes Associated Press reporters.

RULE TEXT:
Prior to adoption, amendment or repeal of any permanent rule, the Oregon Medical Board must give notice of the intended action:
(1) In the Secretary of State's Bulletin referred to in ORS 183.360 at least 21 days before the effective date of the intended action;
(2) To persons on the Oregon Medical Board's list established pursuant to ORS 183.335(8) at least 28 days before the effective date of the rule; and
(3) To persons specified in ORS 183.335(15) at least 49 days before the effective date of the rule.
